

## Single Use Infant Feed & Breastmilk Storage Bottles

Sterifeed®'s disposable range of baby bottles are made from FDA food grade clarified polypropylene. 100% free of Bisphenol – A (BPA) Bisphenol – S (BPS), DEHP, Latex and Phthalates, they can be re-cycled, incinerated or landfilled without any harm to the environment.

### Features

- Clearly marked calibrated accurate graduations every 5ml
- Clear bottles with high quality print for ease of reading graduations
- Bottles are rigid to prevent force feeding
- Smooth inside neck ensures positive airtight seal and leak resistance, to maintain maximum shelf life for breast milk when stored in the refrigerator or freezer
- Available in packed in bulk or each bottle wrapped in their own tamper evident PE bag
- Standard European neck to fit all breast pumps collection sets and teats
- Suitable for freezing and pasteurising
- Supplied ready to use
- Fully recyclable or can be incinerated or landfilled, without environmental harm

- Manufactured without any dangerous emissions
- Full range of sizes for across hospital use
